DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John A. Miller on March 23, 2005. The application has been amended as follows:

In claim 15, "claim 14" in line 1 has been changed to --claim 13--.

Allowable Subject Matter

Claims 1-6, 11, 13, and 15-17 are allowed.

The following is an examiner's statement of reasons for allowance: the closest prior art of record does not teach or render obvious the claimed exit orifice at or greater than 10 cm away from the target area and the stream traveling about 10 millimeters per second. The prior art teaches that the distance is only a few millimeters and the speed is about 10 m/s to a few hundred m/s.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
